Signature: _____ My Commission Expires: _____

Applicant agrees to grant the Village of Questa a perpetual easement over, under and upon the property served pursuant to this application by Village water/sewer for the purpose of disconnecting water/sewer service should applicant fail to abide by any of the terms of the application otherwise violates the Village of Questa water/sewer Ordinance and Regulations. Entry onto applicant’s property shall be made only after notice to the applicant and an opportunity to cure the violation. The Village of Questa has the right to access properties to read and maintain meters. Customers shall insure that meters are accessible to Village employees. This easement shall expire upon termination of the account.

Before digging, the customer must obtain necessary locates from utility companies for location of their service lines. A qualified contractor employed by the customer shall perform all necessary trenching, backfilling and installation of the pipe extending from the main to the premise, at the customer’s expense.

Before any cutting or excavation of a street or alley for the purpose of connecting to the water and/or sewer system is allowed, an excavation permit must be obtained from the Village. The customer shall be assessed for the repair of the street surface that was disturbed in connecting to the water and/or sewer system. The street surface shall be returned to, at a minimum, its original condition.

All connections and installations to the Village water and sewer system must be made by a licensed plumber, subject to the supervision, inspection and approval by the Village’s Public Works Director, and in compliance with the Uniform Plumbing Code adopted by the State of New Mexico. The Village of Questa requires that a main water shut-off valve be installed at each residence, business or other structure. The Village of Questa requires a back flow preventer on sewer line installed at each residence, business or other structure if possible.

By signing this application, the applicant agrees to abide by all Village of Questa regulations with respect thereto:
